Alamaat

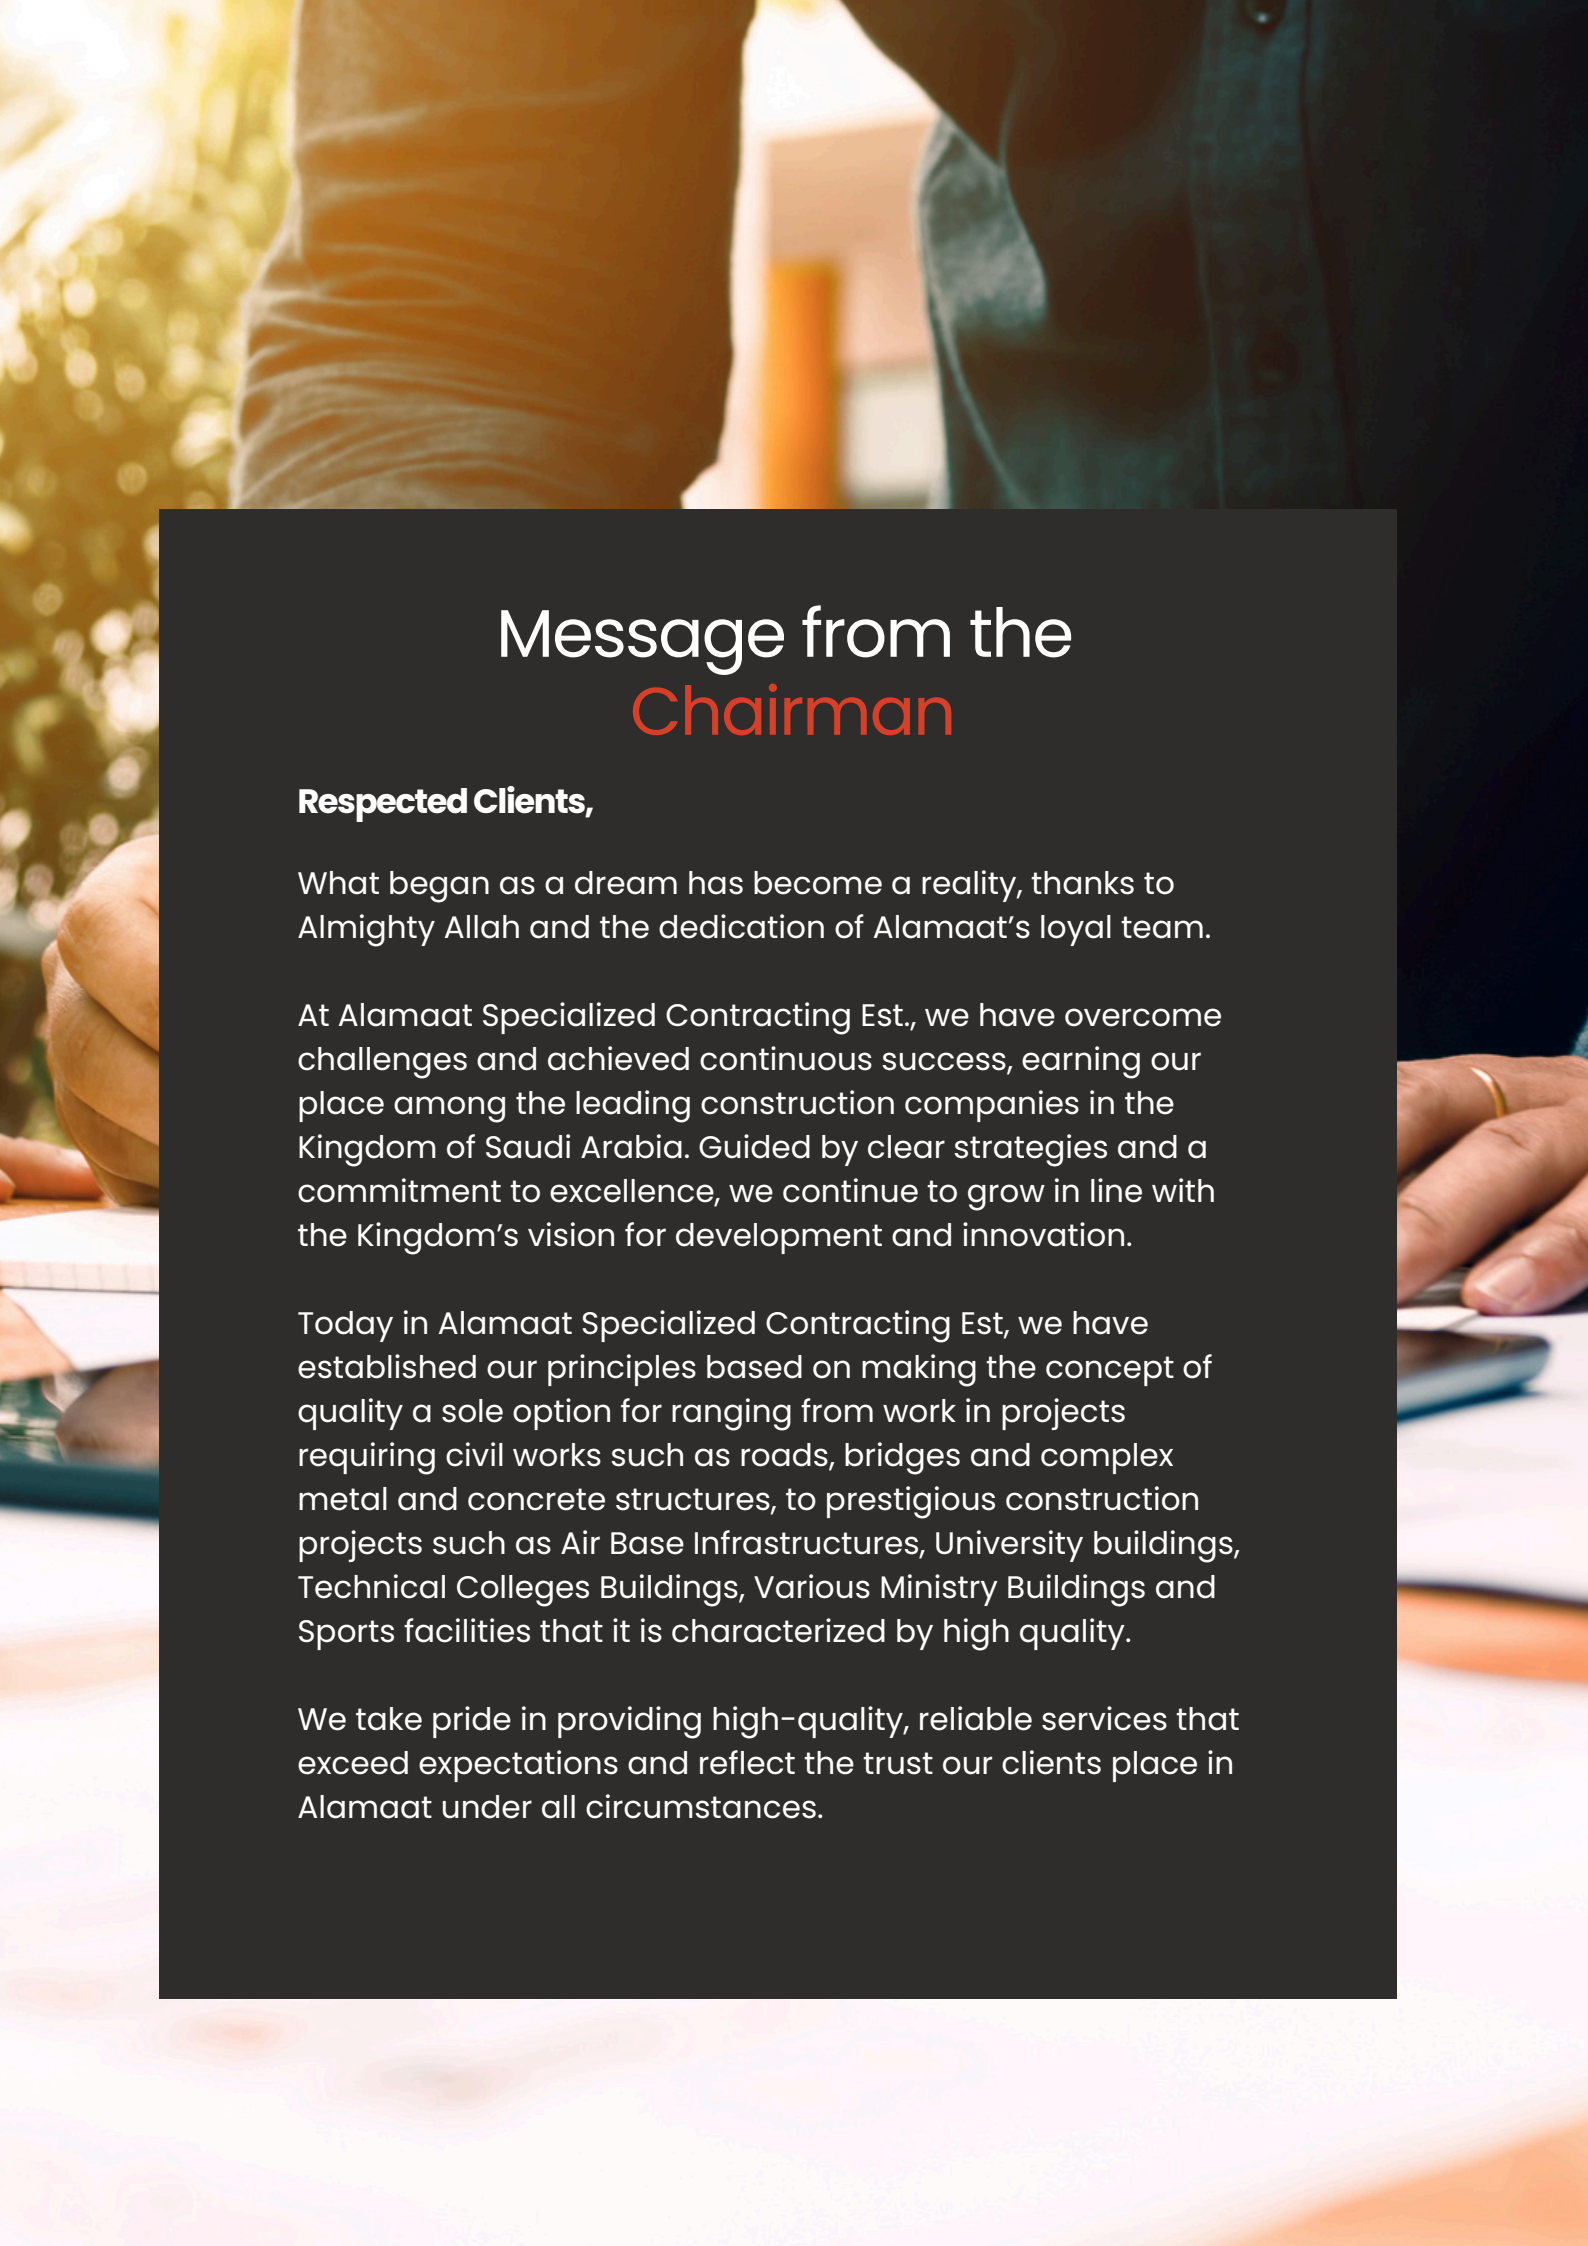

Specialized Contracting Est.

20th YEARS ANNIVERSARY

Celebrating 20 Years of Quality, Commitment, and Growth

www.alamaat-ksa.com

Message from the Chairman

Respected Clients,

What began as a dream has become a reality, thanks to Almighty Allah and the dedication of Alamaat's loyal team.

At Alamaat Specialized Contracting Est., we have overcome challenges and achieved continuous success, earning our place among the leading construction companies in the Kingdom of Saudi Arabia. Guided by clear strategies and a commitment to excellence, we continue to grow in line with the Kingdom's vision for development and innovation.

Today in Alamaat Specialized Contracting Est, we have established our principles based on making the concept of quality a sole option for ranging from work in projects requiring civil works such as roads, bridges and complex metal and concrete structures, to prestigious construction projects such as Air Base Infrastructures, University buildings, Technical Colleges Buildings, Various Ministry Buildings and Sports facilities that it is characterized by high quality.

We take pride in providing high-quality, reliable services that exceed expectations and reflect the trust our clients place in Alamaat under all circumstances.

ABOUT US

Welcome to Alamaat Specialised Contracting Est..

ALAMAAT Specialized Contracting Est. was established in 2005 as a firm specialized in the fields of Civil, Electro-mechanical works, Substations, Power Plants, Residential and Commercial Buildings , in addition of construction equipment's and Rental Manpower services. Since then ALAMAAT Specialized Contracting Est. has proven reliability in fulfilling its commitment toward the clients in both private and public sectors.

ALAMAAT Specialized Contracting Est. had participated with some of the most visible and well-known companies in Saudi Arabia in execution of their major projects such as Residential and Commercial Complexes, School Projects, Power Plants, Substations, Roads and Culverts, Rest houses, Installation of Fire Fighting and Fire Alarm Systems.

In this regard, we have served clients in their construction needs, maintenance, and technical support. We have more than 100 employees of various professions on our regular payroll, who are providing their best services to the clients in all fields of building construction.

The firm's outstanding achievements in the construction fields have reached through the relentless efforts exerted by its highly qualified work force that are continuing to provide clients with top quality services. Keeping high quality standard is ALAMAAT's prime goal.

We are committed to providing the best possible construction expertise and services to ensure cost effective and successful projects. We work closely with our clients to accurately interpret their dreams and visions in drawings and bring them to the desired reality through construction solutions to meet their needs; we communicate with our clients throughout the construction process to keep them informed of progress and to ensure that our project keeps on schedule and within budget.

Our Vision

To be a leading name in the construction and contracting sector in the Kingdom of Saudi Arabia recognized for delivering innovative, sustainable, and high-quality infrastructure that contributes to the nation's growth and development.

Our Mission

To provide reliable and efficient construction solutions through engineering excellence, advanced technology, and a skilled workforce. We are committed to delivering projects safely, on time, and within budget, exceeding client expectations and setting new standards of quality in every project we undertake

Purpose-driven strategy and teamwork drove **consistent** results across all business units.

Core Values

Quality: We uphold the highest standards in every phase of our work, ensuring long-lasting results.

Integrity: We conduct our business with honesty, transparency, and accountability in all relationships.

Safety: We prioritize the safety of our people, clients, and communities on every project site.

Innovation: We embrace modern technologies, and best practices to drive efficiency and progress.

Teamwork: We believe in collaboration and shared success, working together as one team with our clients and partners.

Customer Commitment: We focus on building long-term relationships based on trust, reliability, and consistent performance.

Our Core Objectives

Alamaat - What We Stand For

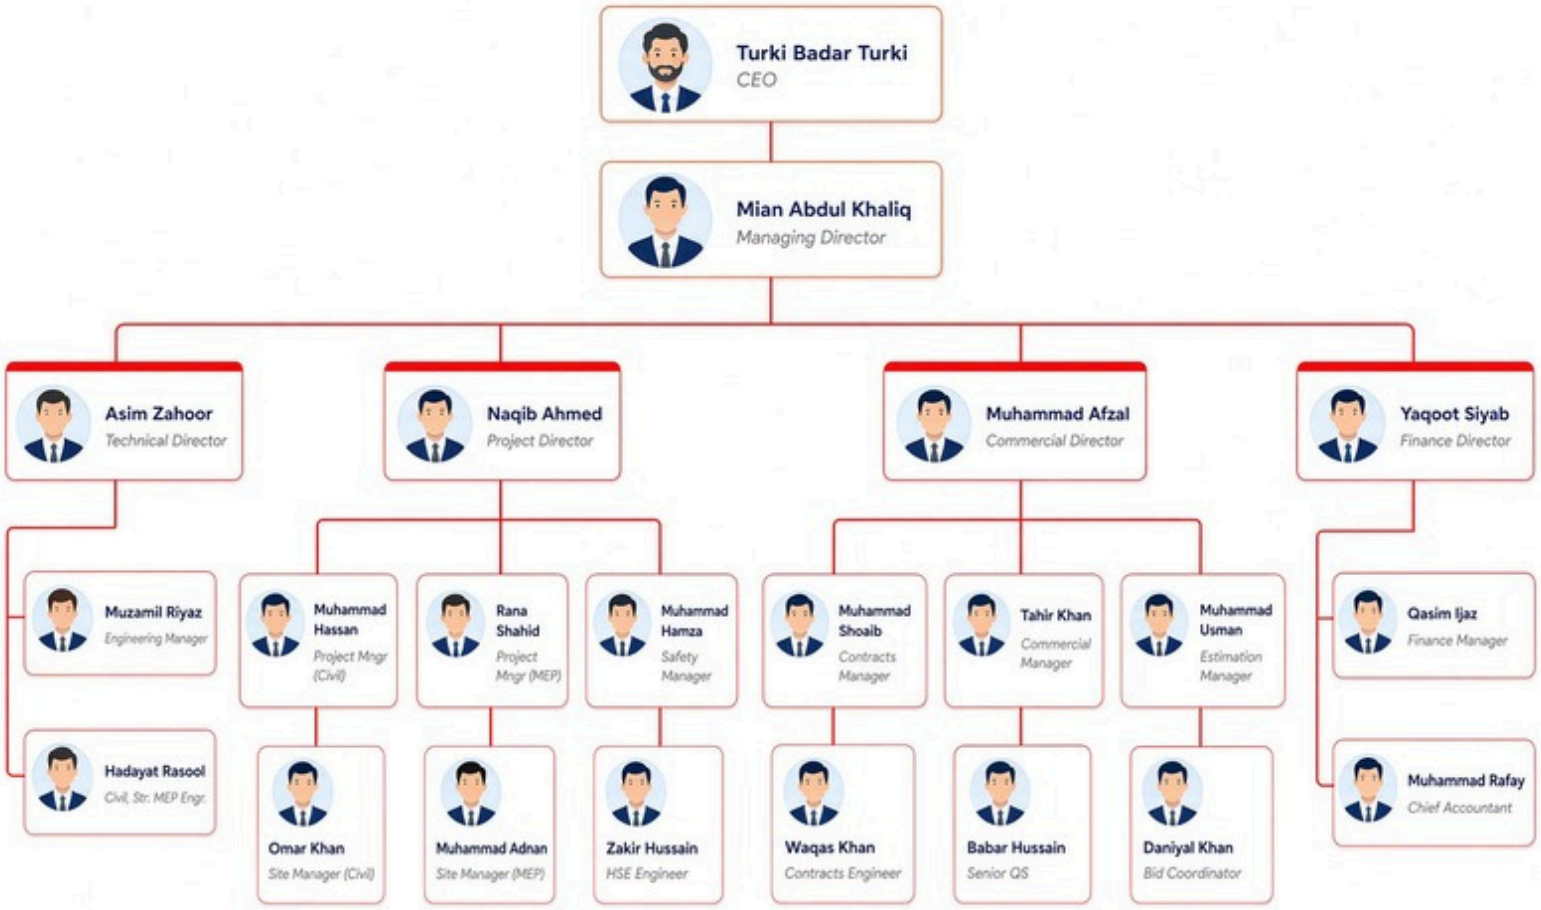

CORE OBJECTIVES

Built on Precision, Driven by Purpose	Every structure tells a story and at Alamaat, we build it with accuracy, integrity, and care. We don't rush projects; we craft them. From the first foundation to the final finish, precision is not just a goal — it's our culture.
Partnership Beyond Projects	We don't just build for our clients; we build with them. Every project begins with collaboration, listening, understanding, and aligning with your vision. Your goals become our blueprint, and your satisfaction becomes our success.
Quality Is Our Identity	Every beam, bolt, and brick carries our name and with it, our promise of excellence. Quality isn't a target we aim for; it's the baseline we build from.
Commitment That Doesn't End at Handover	Our work doesn't stop when the project is delivered. We stand by what we build, maintaining, supporting, and improving long after completion. Reliability is our foundation; long-term trust is our reward.
Integrity Over Convenience	We speak with honesty and act with accountability. If a solution can be improved, we tell you. If challenges arise, we face them head-on. No shortcuts, no excuses, only straightforward engineering built on trust.
Innovation with Purpose	We adopt new methods and technologies not for show, but for smarter, safer, and more efficient results. Every advancement we bring serves one goal to build better, faster, and more sustainably for our clients and community.

Organisational Chart

Alamaat - Our Team

MOBILIZATION CAPABILITY

We are all Over Kingdom of Saudi Arabia

At Alamaat, we take pride in our proven capability to execute swift and efficient mobilization immediately upon receiving the Notice to Proceed (NTP). Our mobilization process is strategically structured and includes the following key activities:

- Development of a comprehensive site layout plan.
- Conducting detailed site surveys and establishing survey control points.
- Execution of temporary fencing and access roads to ensure secure and smooth logistics.
- Establishment of temporary utilities such as water, electricity, and septic systems.

With a well-organized structure and experienced team, Alamaat ensures full on-site mobilization within just seven (07) days from NTP.

We maintain all essential facilities ready for immediate deployment, including furnished office cabins, meeting halls, client and consultant offices, mosque, site stores, and workshops, along with all necessary tools, vehicles, and equipment. This enables us to achieve complete operational readiness in an exceptionally short timeframe.

Beyond self-sufficiency, Alamaat stands as a market leader recognized for reliability and speed. Our company holds a trusted reputation among numerous international organizations, many of whom we have successfully supported in achieving their rapid mobilization goals across Saudi Arabia.

A trusted mame across
Saudi Arabia
Driven by Vision
Built for the Kingdom

OUR CAPABILITIES

We are all Over Kingdom of Saudi Arabia

Over the past decade, Alamaat has evolved into a trusted and dynamic name in the construction industry, with a dedicated workforce of more than 350 professionals and a fleet of over 300 units of heavy and light construction equipment.

With regional operations strategically established across the Kingdom of Saudi Arabia, Alamaat offers comprehensive, full-spectrum construction solutions, ensuring reliability, speed, and excellence across.

Core Areas of Expertise

- Design and execution of world-class temporary facilities.
- Infrastructure network development for industrial and commercial sites.
- Site preparation and earthworks for large-scale projects.
- Building construction including residential, commercial, and industrial structures.
- Industrial construction with specialized expertise in complex environments.
- Electrical network construction and installation.
- Steel structure fabrication and erection.
- Mechanical and electromechanical works.
- Fencing and fire-fighting systems installation.
- Equipment rental and logistics support for major projects.

OUR STRENGTHS

We are all Over Kingdom of Saudi Arabia

At Alamaat, our greatest strength lies in our ability to mobilize, execute, and deliver through strong internal resources and strategic alliances across the Kingdom.

We take pride in:

- A skilled and dedicated workforce, supported by strong partnerships and recruitment networks.
- An extensive equipment division, enabling flexibility, self-sufficiency, and operational efficiency.
- A trusted reputation in the Saudi market, allowing us priority access to quality construction materials and local supply chains.

Moreover, Alamaat is distinguished by its commitment to self-performing most construction activities, ensuring direct control over:

- Workforce productivity
- Project costs
- Schedule adherence
- Quality and Safety compliance

OUR SERVICES

01

Construction

The Company provides traditional field construction services to private and public sector clients in virtually all of the industries to which it provides project services. The Company also provides many of its clients with modular construction technology. Its modular construction technology is an advanced form of offsite engineering and design, fabrication, assembly and field erection. A modular approach provides clients with an alternative approach to traditional methods of engineering and construction, which can compress and shorten the construction schedule.

02

Support Services

ALAMAAT, established in 2005, is a leading name in engineering support services. We have a proven record of successfully sourcing and placing top talent with major multinational companies, including ARAMCO and SABIC affiliates, maintaining a 90% placement success rate. Our team of highly skilled engineers from diverse sectors — civil, mechanical, electrical, instrumentation, and design — brings deep industry expertise and long-term commitment to every client partnership.

03

Operation and Maintenance

ALAMAAT provides operation and maintenance services to keep buildings, plants, and supporting facilities running efficiently. Our teams deliver technical, engineering, and management support for daily operations, preventive maintenance, fault diagnosis, and timely repairs. Our scope includes plant maintenance, equipment replacement, and major refurbishment during planned shutdowns. We coordinate maintenance schedules with operational priorities to reduce disruption, address equipment deterioration, and extend service life. Through regular inspections and responsive support, we help clients maintain safe working conditions and dependable facility performance.

04

MEP Installation & Maintenance

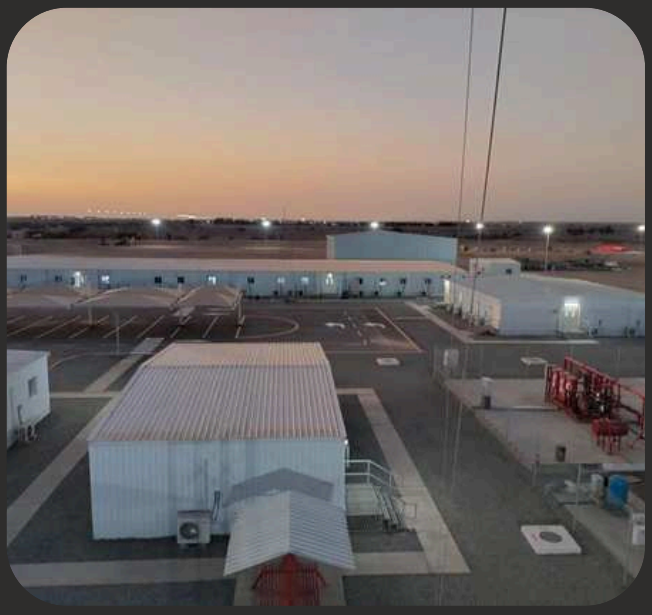

ALAMAAT provides mechanical, electrical, and plumbing installation and maintenance for residential, commercial, and industrial facilities. Our teams coordinate building services with structural works, architectural layouts, and operational requirements. Services cover installation, equipment replacement, fault rectification, and preventive maintenance within the contracted scope. We plan routing, access, and work sequences to support effective installation and future servicing. Drawing on our electromechanical project experience, we help clients maintain functional building systems while managing the practical requirements of new construction, refurbishment, and occupied facilities.

05

Temporary Facility Development

ALAMAAT develops temporary facilities that help construction and industrial projects establish practical working environments. Our services include portable cabin fabrication and installation, site offices, accommodation facilities, stores, and supporting infrastructure. We coordinate site preparation, access roads, fencing, water supply, electrical connections, and drainage according to project requirements. Drawing on our mobilization capabilities and camp refurbishment experience, we deliver coordinated facilities suited to daily site operations, with layouts planned around workforce needs, available space, and the project's required service life.

06

Structural Steel Fabrication

ALAMAAT provides structural steel fabrication and installation for industrial, commercial, and infrastructure projects. Our services cover steel frameworks, platforms, supports, and associated structural components manufactured to approved drawings and project specifications. We coordinate fabrication, welding, protective coatings, delivery, and site erection with the wider construction schedule. Particular attention is given to dimensional accuracy, connection details, and installation sequencing. Drawing on our steelwork capabilities, we deliver structures suited to their intended applications while maintaining quality control throughout fabrication and assembly.

07

Roofing & Flooring Services

ALAMAAT provides roofing and flooring services for commercial, industrial, and residential properties across Saudi Arabia. Our scope covers roof installation and refurbishment, waterproofing, surface preparation, and floor finishes selected for each building's use. We address exposure to heat, moisture, and daily wear through suitable materials and careful installation. Working to approved specifications, our teams coordinate preparation, application, and finishing to deliver practical surfaces that protect buildings, support safe movement, and simplify maintenance in new construction and renovation projects.

08

Interior Fit-Out Services

ALAMAAT delivers interior fit-out services that turn approved designs into functional, finished spaces. Serving offices, hotels, commercial premises, and residential properties, we coordinate partitions, ceilings, flooring, wall finishes, and associated mechanical, electrical, and plumbing works. Our approach brings construction activities together around the client's layout, material selections, and operational needs. With project references in Riyadh and experience in renovation and finishing, we focus on workmanship, trade coordination, and careful handover to create interiors ready for their intended use.

Our Clients

Our success is built on the confidence of our valued clients.

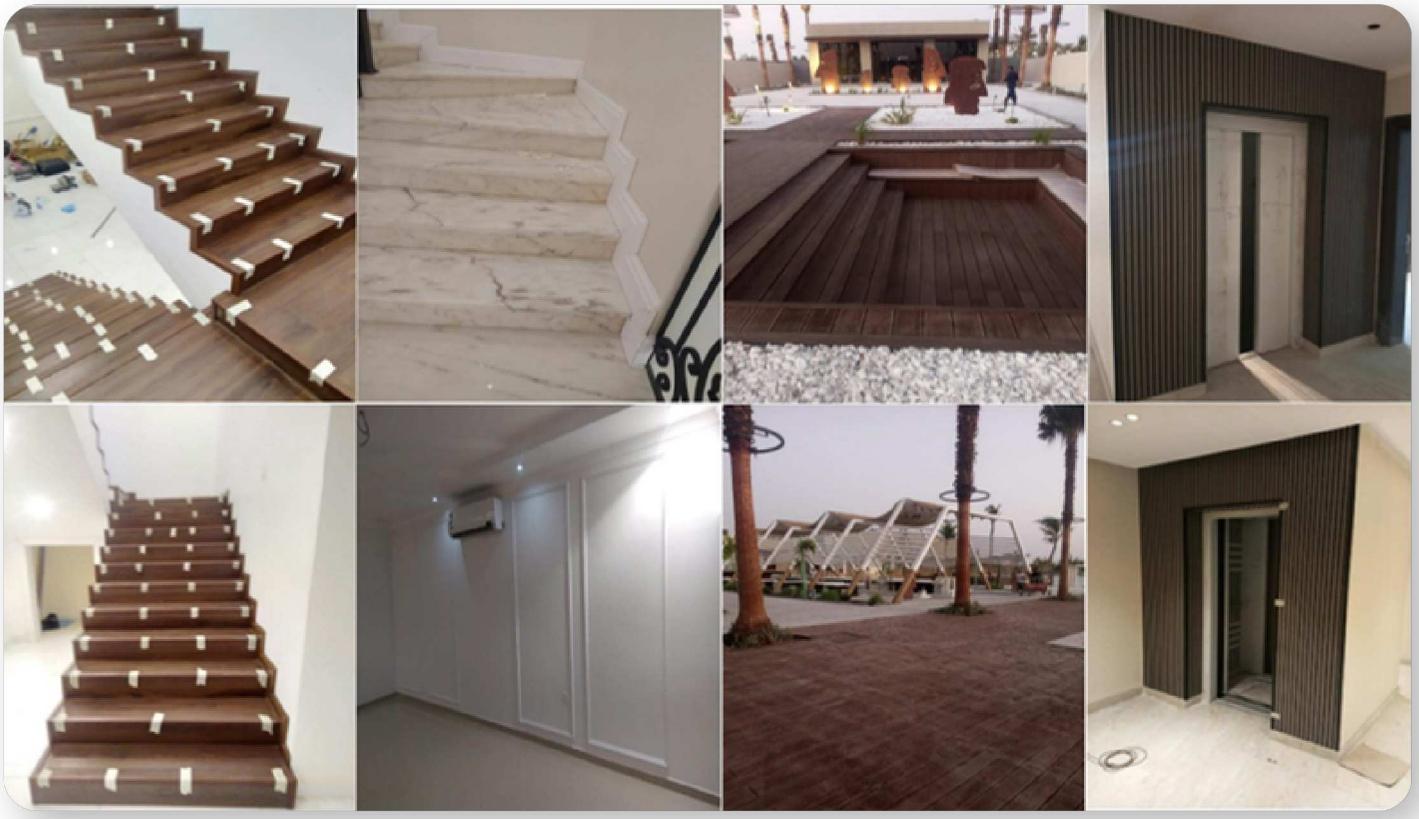

Residential Construction Services

Building exceptional homes with quality, precision, and trust

We deliver premium residential construction solutions across Saudi Arabia, combining quality craftsmanship with innovative building practices. From luxury villas to renovation and remodeling projects, our experienced team ensures every detail reflects excellence and precision. We are committed to delivering projects on time, within budget, and in full compliance with Saudi standards and client expectations. Built on trust, integrity, and customer satisfaction, we transform your vision into exceptional living spaces.

Our team of skilled professionals is committed to working closely with each home owner to understand their unique vision and bring it to life. We use only the highest quality materials and the latest construction techniques to ensure that every project is completed to the highest standard.

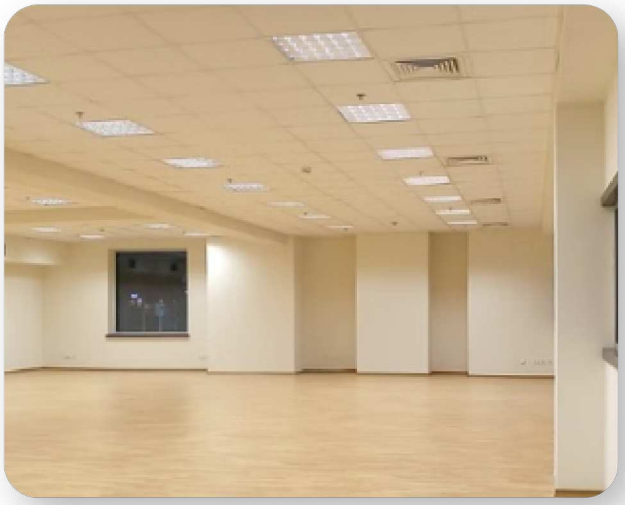

Flooring Services

Structural Steel Fabrication

Engineering steel structures with precision, strength, and quality.

We provide end-to-end structural steel fabrication solutions for commercial, industrial, and infrastructure projects across Saudi Arabia. From design and fabrication to installation, our skilled team delivers precision-engineered steel structures that meet the highest standards of quality and safety. Leveraging advanced manufacturing technology and strict quality control, we ensure timely delivery and cost-effective execution. With a commitment to excellence, reliability, and innovation, we build steel solutions that strengthen every project.
